Teaching, Education and Training Experience

I hold several teaching posts, including at Royal Free and University College Medical School where I am lecturer/examiner for the MRCPsych teaching program. I have been a lecturer and seminar leader at the Institute of Psychiatry, London. I am an educational supervisor for medical students attached to my teams.

Selected Publications

Luty J and Grewal P (2002) *A survey of the British public's attitudes towards drug dependence.* Journal of Substance Use. 7, 93-95.

Grewal P and Fitzgerald B (2001) *Challenging behaviour and abdominal pain in learning difficulty.* Journal of the Royal Society of Medicine (95) 39-40.

Grewal P Lost in Translation (2008) Prize review, British Medical Journal 336:893.

Current Research Interests

My most recent research uses SPECT technology to investigate age-related changes in blood flow in long-term opiate users. I am currently reviewing the literature related to 'drug-driving' and completing a study of Khat use among the Somali population in London.

Professional Memberships

British Medical Association, Royal College of Psychiatrists, Medical Protection Society, United Kingdom Register of Expert Witnesses.

Medico-legal Experience

I am experienced in preparing medico-legal reports for Local Authorities, private clients, solicitors and legal services commission. I have prepared more than 100 reports in the fields of general psychiatry, substance misuse, family, personal injury and other cases.

I have prepared reports for the General Medical Council and Nursing and Midwifery Council. I have appeared as an expert in Magistrate or County Courts on more than 30 occasions. I am listed in the UK Register of Expert Witnesses (JS Publications). I have attended training days on report writing and speaking in court.

Referees: Available on request.
